Principal's Report

Well done Gardeners!

Earlier this month a selection of students attended the Mullumbimby Farmers Markets 'Grow your Own Lunchbox Challenge'. Ocean Shores won the 'best garden' for our amazing school garden and a \$250 lunchbox prize for their lettuce cups and butterbean salad. The money will go straight back into the school garden. Well done to the students and special thanks to Sigge McKinley and Rob Brough for the work in the garden, Louise Carr for culinary excellence, and Merryl Toop for coordinating the entry. Thank you also to the Mullumbimby Farmers Markets for their support of local schools.

Maths Olympiad

We have the official results through and the School's Maths Olympiad Team will be recognised on Monday's assembly. In addition, two of our Olympians will be receiving special awards at the Presentation Day Assembly on Thursday 6th December. Again, thanks to Mrs Melkie for supporting and inspiring our successful students.

Crazy Hair Day and Care Chair

The parliamentarians are working with Rob to instigate a 'Care Chair'. Keep an eye on the newsletter for updates. All the money raised today will go towards this great initiative aimed at giving primary students access to captains and parliamentarians either for assistance or to make suggestions. I thank John Ray, Nina Colli and Evie Boschma-Wagner for their ongoing commitment to our school!

2019 Planning

As you would appreciate, organising classes and staffing for 2019 is a challenge in schools. Several students have mentioned to teachers that they may be moving at the conclusion of the year. If you know your child will not be attending Ocean Shores PS next year, please inform the office as soon as possible so we can effectively plan.

Visible Learning

A key program in our three year school plan is instigating visible learning in classrooms, based on Professor John Hattie's work. The aim is to ensure all students know what they are learning, why they are learning this, and how they know they are successful. On Tuesday a team will be visiting our school to assess current practices in the school with a view to planning for further improvement.

Congratulations on winning the Lunchbox Challenge

Please send our congratulations to all your enthusiastic students involved in the Grow Your Own Lunch Box Challenge !

Achieving the Best Garden is a credit to everyone who prepared and worked in the gardens and produced award winning Healthy Lettuce Cups for a great lunch box special, which would be prized as an inclusion in the School Canteen.

Working with the earth is great therapy for everyone and a lot of fun watching things grow,

and flower and fruit. Salads, herbs, fruit and veges always taste sweeter when you grow them yourself !

Congratulations from all our Ocean Shores Tidy Town Team to all your talented students.

Warm Regards, Tina Petroff
